Handcrafted Ryukyu Limestone Keepsake Plate

01
Genuine Okinawan Stone

Ryukyu limestone, born from ancient coral reefs.

02
Solid 30 mm Thick

About 8 in across, 1.2 in thick. Made to display.

03
Finished by Hand

Made in Okinawa. No two plates are alike.

A memory of your tour. A PCS farewell gift. A souvenir for family back home.

Over thousands of years, coral reefs turned into Ryukyu limestone — the stone of Shuri Castle's walls and Okinawa's traditional stone fences. Each plate carries the shape of Okinawa Island and its name in kanji, 沖縄.

Made right behind this restaurant.
